- Article 1 The Credit Hours Transfer Rule is formulated in accordance with the “National Central University Credit Hours Transfer Rules.”
- Article 2 Graduate students who have completed the graduate courses of the University with passing grades (70 points) without including the graduation credit hours of the last school year may apply for credit hours transfer. If the waived courses applied for are the courses of the Institute, it will be accepted. If the waived courses applied for are courses of other Institutes of the University, it must be recognized by test or review at the Academic Affairs Meeting of the Institute. However, the credit hour transfer is limited to one third of the graduation credit hours and it is limited to one application.

- Article 5 The Credit Hours Transfer Rule is enforced after the resolution reached at the Academic Affairs Meeting of the Institute and reported to and approved by the

Academic Affairs Meeting of the University and so are the amendments.
